

SURPLUS LAND

In accordance with the Surplus Land Act and SB 747 the City is required to annually report and post on their Website any City owned land that could be designated surplus land that could be used for the production of housing. The City currently has no surplus land and the land it owns is all being used for public facilities and therefore is exempt from declaration of surplus land. Below is a table that inventories City land and is updated annually.

Loyalton Inventory of All City Owned Land						
Updated July 8, 2024
